se describe the purpose and intent of the grant.

We are a non-profit organization that serves to support the students of Vintage STEM Magnet, a Title I school in North Hills, as part of the robotics program. The grant will help offset the costs associated but not limited to purchasing VEX IQ kits for Vintage's six teams (consisting of 10-12 students each) and playing fields. This includes

the purchase of the game kits and fields. The grant will also pay for much needed supplies and storage containers. Supplies include but are not limited to second generation batteries, chargers, motors, brains, cap pins, standoffs, wires, wheels, and many more vital components to building robots.

5) How will this grant be used to primarily support or serve a public purpose and benefit the public at-large. (Grants cannot be used as rewards or prizes for individuals)

Vintage STEM Magnet, a public school in North Hills, is home to over 750 students. It is a NASA Explorer School and puts emphasis on science and technology in its curriculum. Several times a year, the school hosts community NASA Nights where companies and educational institutions share hands-on science experiments for students and families to engage in, like learning about 3-D printers, student-built go-karts from CSUN, and drones, just to name a small amount. From second grade to fifth, students are introduced to VEX IQ Robotics in the classroom, inspiring children to build, code, test and compete with robots. Vintage Magnet has boasted a school team as well, for the past 5 years. Students compete in the community and learn about teamwork, cooperation, communication, perseverence, and commitment as they are a part of the student-led team for the whole school year.

Vintage Robotics has been a source of pride for the school and the community at-large. The teams have been on the local news and continue to inspire boys and girls to get involved, as we have several all-girl teams. Vintage Magnet Robotics is an amazing program of dedicated teachers, parent volunteers, and enthusiastic students.
